

EASTER PRAYER VIGIL

Saturday, March 22, 9 – 11am

The Day in Between! Between death and life, between despair and hope. Fortunately, we know that Easter Sunday is coming. Yet the finality of death remains powerful, while we await with joy the announcement of the resurrection. Take time to ponder these powerful truths, physical death and a divine, everlasting victory through Christ.

Come, for 15 or 30 minutes. Special devotional materials that speak to these historic truths (death and resurrection) will be made available. Come, and experience the tranquility in the nave, while you pray to, ponder the wonder of an ever-living, ever-loving God. There is SO MUCH to consider, for which to give thanks to God. Surely giving this time to God will enhance your preparation for and joy in the celebration of Easter.
